

"gentlemen's agreement" that excludes Israel and only Israel from membership in any United Nations Regional Group. Israel, and only Israel, can never sit on the United Nations Security Council. Israel, and only Israel, can never serve on the United Nations Economic and Social Council, where her expertise is so sorely missed. Israel, and only Israel, is less than a full member of the very international organization which bravely voted on November 29, 1947 to create it.

Today we call for Israel's admission to a United Nations Regional Group. This must be a goal of our government's foreign policy and a priority of reform efforts at the United Nations. That such legislation is necessary is a reminder that, despite the unparalleled success of the Zionist movement in its first hundred years, the state created half a century ago, as the fruit of this ideal, still requires support from its friends to overcome this institutional prejudice.

It is a fitting tribute to this vision that our country will take its rightful place in the forefront of the effort to allow Israel to participate fully in international affairs and to be counted as a legitimate member among the nations of the world. I am joined in this effort by 54 cosponsors. I thank my colleagues for their support and in particular the distinguished senior Senator from Indiana, Senator LUGAR, for his leadership.

REPORT TO CONGRESS ON THE WHEREABOUTS OF THE U.S. CITIZENS WHO HAVE BEEN MISSING FROM CYPRUS SINCE 1974—MESSAGE FROM THE PRESIDENT—PM 133

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report; which was referred to the Committee on Foreign Relations.

To the Congress of the United States:

In accordance with Public Law 103-372, I hereby submit the enclosed "Report to Congress on the Investigation of the Whereabouts of the U.S. Citizens Who Have Been Missing from Cyprus Since 1974." The report was prepared by retired Ambassador Robert S. Dil-

lon, with significant contribution by former State Department Associate Director of Security Edward L. Lee, II. Their intensive investigation centered on Cyprus, but it followed up leads in the United States, Turkey, Greece, Switzerland, and the United Kingdom.

The investigation led to the recovery of partial remains that were identified through DNA testing (done at the Armed Forces Institute of Pathology DNA Identification Laboratory) and other evidence as being those of one of the missing Americans, Andreas Kassapis. The report concludes that Mr. Kassapis was killed shortly after his capture in August 1974. The report also concludes that, although their remains could not be recovered, the other four missing U.S. citizens in all likelihood did not survive the events in Cyprus in July and August 1974.
